

Plumbing rule changes expected to be effective Dec. 1

Plumbing stormwater system code changes that were adopted in October are expected to become effective December 1, 2004. The revisions are to administrative code chapters Comm 2, Comm 81, Comm 82, Comm 84, and Comm 85.

New options for design of stormwater systems will aid in meeting statewide Department of National Resources performance standards for urban runoff, which went into place October 1.

There are other aspects of the code change package, relating to combination water services and installation of sprinkler systems, for example.

A change to Comm 84, Private Onsite Wastewater Treatment Systems code, recognizes synthetic aggregate for POWTS.

The draft rule package is available free online now: <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>, and will also be online when effective: <http://www.commerce.state.wi.us/SB/SB-DivCodesListing.html>. The new code can be purchased in November from state Document Sales, 800-362-7253.

The Safety and Buildings Division has education classes related to stormwater this fall and winter. (See pages 2-3.) Also, see article about stormwater education on page 5.

POWTS replacement/repair fund revised

February 1, 2005 will be the effective date of updates to Comm 87, which will now be known as the Private Onsite Wastewater Treatment System Replacement or Rehabilitation Financial Assistance Program Code. The program is better known as the "Wisconsin Fund."

Maximum allowable financial assistance was increased to reflect changing costs since the last

Gas Systems Code updated

Updated national standards for liquified petroleum, liquified natural gas, and compressed natural gas are expected to become effective December 1, 2004. Also, NFPA standards 50A for gaseous hydrogen and 50B for liquefied hydrogen were adopted.

Plan review requirements for gas system installations were clarified and an accident reporting procedure created.

The draft code change package is available free online: <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>, or can be purchased in November from state Document Sales, 800-362-7253.

increase in 1999.

Code sections were restructured to better differentiate aspects of the program and language was changed to reflect changes to Comm 83, POWTS Code.

The code change package is available free online, <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>, or can be purchased in early in 2005 from state Document Sales, 800-362-7253.

Fall and Early Winter 2004 Plumbing and POWTS Continuing Education

Put a check mark in front of the classes you wish to attend.

Introduction to Stormwater Plan Submission and Installation - This six-hour course provides an overview of the revisions to Comm 82.36, and to different options for plan design and installation using the newly-revised code. Students should bring a notebook, pencil, and calculator. Six credit hours for MP, JP, MPRS, JPRS, Commercial Plumbing Inspector, UDC Plumbing Inspector - 8:30 to 11:30 a.m. 12:30 to 3:30 p.m. - Course 6482 - Cost \$90

☐ Green Bay, 11/10/04 (Ramada Plaza, 2750 Ramada Way 920-499-0631)

☐ Mineral Point, 12/2/04 (Comfort Inn, 1345 Business Park, 608-987-4747)

“Plumbing Exam Prep/Part 1, Miscellaneous Code Requirements” Taking an exam or need a code refresher? Part 1 covers a variety of issues in the code that may be a part of an MP or JP exam, including wastewater treatment devices, cross connection control, indirect and local wastes, health care facilities, and more! Three credit hours for MP, JP, Commercial Plumbing Inspector, UDC Plumbing Inspector – 8:30 to 11:30 a.m. - Course 6483 - Cost \$45

☐ Fond du Lac, 12/7/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)

☐ Eau Claire, 12/15/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)

☐ Wausau, 1/11/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)

☐ Portage, 1/18/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 2, Drain and Vent Design” This course provides an explanation of venting scenarios that are code compliant in Wisconsin, including vent sizing, stack vents, vent stacks, and the sizing of drain systems. Three credit hours for MP, JP, Commercial Plumbing Inspector, UDC Plumbing Inspector - 12:30 to 3:30 p.m. - Course 6484 - Cost \$45

☐ Fond du Lac, 12/7/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)

☐ Eau Claire, 12/15/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)

☐ Wausau, 1/11/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)

☐ Portage, 1/18/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 3, Water Sizing” How to properly size the water service and water distribution. Three credit hours for MP, MPRS, MPRA, JP, JPRA, JPRS, Commercial Plumbing Inspector, UDC Plumbing Inspector - 8:30 to 11:30 a.m. - Course 6485 - Cost \$45.

☐ Fond du Lac, 12/8/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)

☐ Eau Claire, 12/16/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)

☐ Wausau, 1/12/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)

☐ Portage, 1/19/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 4, POWTS Basic soils, application rates, component manuals, and design of conventional, pressure, and mound systems. Three credit hours for MP, MPRS, JP, JPRS, Commercial Plumbing Inspector, POWTS Inspec., POWTS Maint., CST - 12:30 to 3:30 p.m. - Course 6486 – Cost \$45

☐ Fond du Lac, 12/8/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)

☐ Eau Claire, 12/16/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)

☐ Wausau, 1/12/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)

☐ Portage, 1/19/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

Put a check mark in front of the classes you wish to attend.

"2004 Plumbing Code Changes" Do you know how the most recent code changes will affect you? Learn about the Comm 82.36 and 82.365 code package and changes related to clearwater sumps, roof drains, storm design and more! Three credit hours for MP, JP, MPRS, JPRS, Comm Plbg Insp., UDC Plbg Insp. - 8:30 to 11:30 a.m. - Course 6490 - Cost \$45

Presentation on sprinkler systems, seismic requirements

Is your project in Seismic Design Category A, B, C, D, E or F? Has the NFPA13 calculated design force and displacement, when multiplied by 1.4, ended up less than or greater than the IBC values?

A one-hour presentation about the IBC's seismic requirements and how they affect automatic sprinkler systems will be Thursday, November 18, 2004 at the Delafield Brewhaus restaurant, 3832 Hillside Dr., Delafield, with a 5 p.m. social hour, 6 p.m. dinner, and presentation from 7-8 p.m. Cost of the dinner is \$18.

The Wisconsin Chapter of the Society of Fire Protection Engineers and the American Society of Plumbing Engineers are hosting Larry Swaziek, Safety and Buildings Commercial Buildings Structural Program Manager as the speaker.

One credit hour of S&B continuing education is offered for Commercial Building Inspectors, Sprinkler Contractors, Contractors-Maintenance, and Journeyman Sprinkler Fitters.

Space is very limited. Contact SFPE President, Paul Hubrich, 262-502-9886, paul.hubrich@gegapservices.com.

Plumbing education being renewed in changing times

by Lynita Docken, S&B Plumbing
Program Manager, Ldocken@commerce.
state.wi.us, 608-785-9349

The most recent revision to the Wisconsin Uniform Plumbing Code is planned to take effect December 1, 2004, including major changes to the plumbing stormwater rules found in Comm 82.36. (See page one.) Implementing the new stormwater provisions includes the intention to educate, educate, educate. That education is part of the classroom options for Safety and Buildings' fall and winter class schedule.

The first option is the "2004 Plumbing Code Changes" course. This three-hour class will give a good general understanding of the new rule package. If you are a fully licensed plumber or a restricted service plumber, this is one you should not miss, unless you attend one of the other storm plumbing courses.

The second S&B stormwater plumbing course is "Introduction to Stormwater Plan Submittal and Installation," for designing stormwater systems that include plumbing. Whether you are an engineer, architect, designer, or plumber, if you intend to submit plans to the state for stormwater detention or infiltration systems, this 6-hour class is a must.

See the continuing education advertisement on pages 2-3 of this *WCCR*.

Plumbing ed joins the cyberspace age! A live online plumbing class will be available statewide in March from S&B. For this class, you need a phone and separate Internet connection for your computer. The class will consist of two, 1.5 hour evening sessions. This is the chance to be the first on your block to get three hours of continuing education in your own home or office via the Internet. Registration for this course will be completed online. You can currently sign up to get on an email list for persons who want class specifics when they are more pinned down. Look for the signup in the plumbing group of S&B classes: <http://www.commerce.state.wi.us/SB/SB-DivContinuingEducation.html>.

Moving ahead with changes in education needed to become a JP or MP. Lastly, note that two S&B courses are offered as introductions for people who want to move ahead with the new Advanced Plumbing Certificate (APC) program.

The APC is part of basic changes that I hope will better match the knowledge needed to pass JP and MP exams with the skills used in those jobs. I'll tell you more about the very important changes in thinking about plumbing education next month, in the December *WCCR*.

Leroy Jansky, S&B Wastewater Specialist, will be teaching a course titled "In Depth In Situ Soils Review." Individuals who will be designing POWTS or storm infiltration systems should consider attending this course. The other pre-APC course, "Plumbing Products and Materials," will be presented by Mike Beckwith, S&B Plumbing Products Evaluator.

Comm 61-65, Commercial Buildings Code, miscellaneous changes under review at WCCR deadline

A proposed package of miscellaneous changes to Comm 61-65, Wisconsin's Commercial Building Code, was still under review by legislative committees at press time for this *WCCR*.

The continuing education hours printed on the plumbing and electrical brochures may be in error

Hours of continuing education needed for credential renewal that were printed on a recent mailing of plumbing and electrical brochures were sometimes not correct. Check your own copies of education attendance records or go online to check records reported to the Safety and Buildings Division: <http://www.commerce.state.wi.us/SB/SB-CredentialStatusCheck.html>

Review of the proposal was extended after the original submittal was changed by Department of Commerce staff with addition of a "Germane Modification." The modification eliminated requirements to install rooftop smoke and heat vents and ceiling curtain boards in buildings that are protected by an approved automatic sprinkler system.

The code change package is a follow-up to the 2002 adoption of major changes to the Comm 61-65 and contains a variety of facets.

The legislative review draft, the Germane Modification, and any subsequent information are online, <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>.

Workshops on post-construction stormwater management

A series of two-day technical workshops around Wisconsin in November and December for municipal officials and designers will be about meeting new regulations on post-construction stormwater management.

Sessions will be held in Eau Claire, Green Bay, Madison, and Milwaukee, sponsored by the state Departments of Commerce and Natural Resources and UW-Extension. There is a fee.

An informational brochure is on the S&B education Web page under "Plumbing:" <http://www.commerce.state.wi.us/SB/SB-DivContinuingEducation.html#S5>. Registration can be done online: www.peopleware.net/2723.

Gas Systems Education in December

NFPA Refresher: 50A, 50B, 52, 54, 58, 59A

Updated national standards for liquefied petroleum, liquefied natural gas, and compressed natural gas are expected to become effective December 1, 2004. (See page one.)

Attend a one-day training seminar on the updates to NFPA 50A, 50B, 52, 54, 58, and 59A, presented cooperatively by the Safety and Buildings Division of the Wisconsin Department of Commerce and the National Fire Protection Association. The instructor will be Theodore Lemoff, NFPA's senior gases engineer, a nationally recognized expert.

Put a check mark in front of the class you wish to attend, fill in your name, address, phone, copy the form, and send it to Roberta Ward!

☐ Wed., Dec. 1, Wausau, Park Inn, 2101 N. Mountain Rd., 715-842-0711
☐ Thurs., Dec. 2, Menomonee Falls, Silver Spring Country Club, N56 W21318 Silver
Spring Dr., 262-252-4994

Registration 7 a.m. to 8 a.m., Class 8 a.m. to 5 p.m (8-hour classes)

Please make \$25 check payable to "Safety and Buildings Division." Mail check and complete form to Safety and Buildings Division, Roberta Ward, PO Box 2689, Madison, WI 53701
